"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."

Together, we build unshakable strength; apart, we crumble under the weight of our own discord. Unity is our greatest shield, division our greatest threat.

UNITED WE STAND, DIVIDED WE FALL!

God Bless America

Common Law Traffic Binder Introduction

It's VERY important to know the law and understand your rights within the jurisdiction of common law regarding traveling in your automobile according to the Constitution of the United States of America.

The purpose of this Traffic Binder is to ensure that you are fully prepared and equipped with all the necessary documentation, organized in a manner that allows for quick and easy access when you are stopped while traveling in your automobile. This binder is designed to provide you with everything you need to confidently navigate any encounter with law enforcement, ensuring you have all pertinent information at your fingertips and that you know exactly what to say in such situations. It is crucial to familiarize yourself with the contents of these documents, as understanding them empowers you to effectively assert your rights. Knowledge of your rights as a living, breathing individual and as an American is a powerful tool. It is essential that you carry this Traffic Binder with you whenever you are traveling in your automobile, as it serves as your safeguard in ensuring that you are prepared for any situation. Additionally, it's important to be aware that displaying a LICENSE plate on your vehicle signifies that you are engaged in commerce—transporting goods or people from one place to another in exchange for compensation. However, if you are merely traveling for personal reasons, such as going to the grocery store or visiting family, this does not constitute commerce. By removing the LICENSE plate from your automobile, you are effectively placing yourself outside the jurisdiction of maritime/admiralty law, which governs commercial activities involving the movement of cargo. As a living, breathing individual, your actions are governed by common law, as enshrined in the Constitution of the United States of America. Understanding this distinction is vital for maintaining your autonomy and ensuring that your rights are upheld during any encounters with law enforcement while traveling.

A Special Thanks to Rick Martin from the Constitutional Law Group

I would like to give special thanks to Rick Martin from the Constitutional Law Group for his time, hard work, commitment, and dedication to helping people learn the truth about their rights as Americans within the jurisdiction of common law according to the Constitution of the United States of America. I want to thank Rick for sharing the court documentation from when he was arrested for traveling without a LICENSE plate on his automobile and won his case against the Harris County Sheriff's Department. He was able to sue them for violating his rights according to the Constitution of the United States of America and successfully filed a levy against the surety bonds of the Harris County Sheriff's Department for \$250,000. Those court documents are in this traffic binder. I would also like to thank Rick for all the other information and resources in this traffic binder.

Your hard work and dedication are making a huge difference in the lives of many people across this great land, helping them learn the truth so they can free themselves from the chains of bondage and enslavement by a government that is using a jurisdiction of maritime/admiralty law, which only governs the movement of cargo, that is being illegally and unconstitutionally applied to free Americans who are operating in the jurisdiction of common law according to the Constitution of the United States of America. Therefore, you are giving people the tools and resources to help them learn the truth and truly be free by traveling without harassment in their automobiles as they choose.
